

SCAMP GAITERS

Welcome to the latest catalogue of **SCAMP** Gaiters.

A few things to take note of...

- We now have two ranges... Adults and Kids

Adults: One size fits most people. The material is very stretchy, with a height of approx 17^{CM}

Adult gaiters are denoted by **number** in the photos

Kids: These are the same design and fabric as for the adult range but scaled to fit an 8 year old ankle and a height of approx 15^{CM}. The stretchy fabric means one size fits most children around this age.

Kids gaiters are denoted by **letters** in the photos

- The gaiters are provided with elastic to optionally tie the gaiter under the instep. I now also provide a spare set of elastic with each pair of gaiters. Some prefer not to use this, while others use it extensively. This elastic will wear with normal use and will need replacing from time to time. It might even be a good idea to take a spare piece with you. This is available from any good sewing or hardware shops.
- A cool **SCAMP** innovation is the simple and quick front button attachment. This simply slides under a forward lace to secure as a simple hook.
- All these gaiters are from upcycled fabrics so patterns and colours are mostly 1-offs.
